

Manuscript Submission Checklist for Authors

1. General guidelines

- All authors ensure that the contents of the present manuscript have not been published nor intend to be published in other journals.
- Copyright signed by the corresponding author on behalf of all co-authors.
- Conflict of interest disclosure form was completed.
- Manuscripts as .doc(x) files.
- The manuscript formatted as follows: A4 paper, 12 point font, 1.5-spaced
- An original article should be presented in the following order: The title page, manuscript (including abstract, main text, references, tables, and figure legends), figures and supplementary materials should be prepared as separated files.
- Acronyms and abbreviations when used are defined where first used followed by the acronym or abbreviation in parentheses.

2. Title page

- Include title of the thesis, the running title (within 8 words), and the name of the principal and other authors, along with current positions.
- Include contact information (address, phone, e-mail) of the corresponding author.
- Acknowledgments, Ethics statement, Fund, Conflicts of Interest, Author contribution, ORCID

3. Abstract

- Keep the maximum word count of abstract according to the type of article.
- Three to six key words at the bottom of the abstract.
- All manuscript pages numbered consecutively beginning with the abstract as page 1.

4. Main text

- Ethics statement regarding approval of an institutional review board (author/institutional information should be omitted or blinded) and informed consent obtained from patients/patients families and/or animal experiments mentioned in the 'Materials and Methods' section.
- Names of manufacturers of equipment and non-generic drugs are given.
- All statistical methods accurately described in detail.
- Conclusion stated in a separate paragraph under the 'Conclusion' heading.

5. References

- References listed consecutively in the order in which they appear in the text on a separate page.
- Compliance with '*Neurointervention*' quotation styles.

6. Tables

- Arabic numerals employed for tables.
- Title of the table should be clearly stated in the form of a phrase or short descriptive title.
- Tables numbered in the order in which they are cited in the text.
- Abbreviations defined in an explanatory note below each table.
- Explanations for abbreviations used in tables included as footnotes.
- Each table given on a separate page with its own title.

7. Figures

- All figures in BMP, JPG, or TIF format, submitted separately from the text.
 - Electronic photographs with resolution of at least 300 dpi.
-

Checklist before Peer-Review

| Appropriateness of Submission | Yes | No | Requires further check | Comment |
|--|-----|----|------------------------|---------|
| 1. Manuscript Types | | | | |
| 2. The author's number for Case Reports | | | | |
| 3. Word count: Abstract / Main text | | | | |
| 4. References | | | | |
| 5. Figure format and Citation (1 figure for 1 patient) | | | | |
| 6. Table format and citation | | | | |
| 7. Absence of Author's institution in main text | | | | |
| 8. Ethical statement (IRB approval) | | | | |
| 9. Informed consent for publication | | | | |
| 10. Similarity check by Crossref ($\leq 15\%$) | | | | |
